

## Area of Triangle

Enter base of triangle

Enter height of triangle

Calculate Area

## Area of Rectangle

Enter length of rectangle

Enter height of triangle

Calculate Area

## Area of Circle

Enter Radius

Calculate Area

### 1) Output for area of triangle

127.0.0.1:5500 says

Area of Triangle is 7

OK

### 2) Output for area of rectangle

127.0.0.1:5500 says

Area of Rectangle is 81

OK

### 3) Output for area of circle

127.0.0.1:5500 says

Area of Circle is 3.142

OK
